

media information 2020

The international magazine for the powder metallurgy industry

- The world's largest metals publisher; publishing 50% of the world's most ground breaking metallurgy content
- Print, newsletters, lead generation, banners, webinars, whitepapers, microsites, email blasts, content marketing
- Tailored solutions drawing from the *Materials Today* community of over 35,055 members^a

Metal Powder Report is recognized by parts manufacturers and end-users worldwide for authoritative and high quality reporting and analysis of the international powder metallurgy industry. **Metal Powder Report** covers the powder metallurgy industry worldwide, with each issue featuring news and reports on technical trends in the manufacture, research and use of metal powders.

Whether your goal is to:

- Create maximum market impact
- Increase brand exposure
- Generate leads
- Influence stakeholders
- Educate or collect information/user feedback
- Disseminate findings
- Recruit R&D staff

Metal Powder Report will help to realize these goals by reaching out to key audiences across all Elsevier products in a targeted and cost effective way. **Contact our advertising team** to discuss your needs, no matter how big or small.

Solutions include:

- Print
- Newsletters
- Banners
- Webinars
- Recruitment

Metal Powder Report magazine, available in print and online, is published 6 times a year.

Over 700 subscribers in years 1-5 receive the printed magazine, and over 11,000 readers have signed up to receive our weekly e-newsletter^a.

Online, *Metal Powder Report* can now be found within materialstoday.com, which receives 150,000 page views each month^b.

Our database of readers, subscribers and website users contains over 150,000 members who have opted in to receive communications from *Metal Powder Report* and our partners^c.

Editorial calendar

Additive Manufacturing now features in every issue.

JANUARY/FEBRUARY:

Projected deadline 1st December 2019

Aerospace
PM in electronics
Powder Injection Molding

MARCH/APRIL:

Projected deadline 1st February 2020

Additive Manufacturing
Pressing
Particle characterization/sizing

MAY/JUNE:

Projected deadline 1st April 2020

Ceramics
Hardmetals
Ferrous powders

JULY/AUGUST:

Projected deadline 1st June 2020

New markets
Hardmetals
Powder production
Sintering

SEPTEMBER/OCTOBER:

Projected deadline 1st August 2020

PowderMet2019
Farnborough Airshow Report
Metal finishing

NOVEMBER/DECEMBER:

Projected deadline 1st October 2020

Non ferrous powders
Metal Injection Molding
Automotive

Please contact us to confirm which events the magazine will be distributed at.

The Editorial calendar is subject to change. Please visit www.materialstoday.com/mpr/calendar for the latest topics and schedule.

*publisher's own data.

^bAverage of 149,187 page views per month for 2016. Topic/brand breakdown available on request.

^cNot all members have opted in to receive all types of communication.

^dAdditive manufacturing, Hardmetals and ceramics, Metal finishing, Metal industry, Metal processing, Molding and pressing, Powder applications. Excludes the 'Metal Finishing' category..
